SWITCHING TO OMNIA

Is the Assessment You're Using Delivering the Value You Deserve?

If cost or the hassle of switching is holding you back, here's the truth: Omnia costs less and gets your team up and running in days, not weeks.

Trusted Since 1985

Switching feels risky when you've already invested time and budget in another tool. It shouldn't. Omnia has helped organizations make sound talent decisions for more than 40 years, with consultation and support built in every step of the way.

Why Companies Switch

- **Flexible, per-assessment pricing.** No certification fees, no mandatory annual subscription, and no paying for capacity you don't need.
- **Onboarding takes days, not weeks,** with unlimited support from Omnia's team built in.
- **No certification required, no black-box scoring.** Profiles are written in plain language any manager can read and act on immediately.
- **Every profile is evaluated to the specific role** you're hiring for, not sorted into a generic personality type.

How Easy It Is to Switch

1. **Consultation:** We learn your roles, hiring needs, and goals to build a plan tailored to you.
2. **Onboarding:** Your team gets hands-on training, one-on-one guidance, and unlimited support from real people, not a chatbot.
3. **Go live:** Most teams are up and running within days.

Ready to switch? Let's talk.
